Florida Realty

Harnessing the power of the brand and the size of the company, Berkshire Hathaway HomeServices Florida Realty has created the Paradise Portfolio monthly magazine insert to feature listings in the South Florida market.

Each property advertised will feature a full color photo, a detailed property description and an open house banner on the appropriate properties.

And, in an effort to capture web and mobile savvy buyers, these properties also appear on www.BHHSFloridaRealty.com, available 24 hours a day, seven days a week.
